

# Jesse Rose

I am a product manager and strategist with a passion for transforming ideas into simple, usable products. I grew up with an innate love of technology and take pride in making the internet a more capable, accessible, and beautiful place.

## **BIG HUMAN - NY, NY**

Senior Product Manager (August 2015 - Present)

Product Manager / Producer (February 2013 - July 2015)

- Conduct product strategy for MVP (minimum viable product) and subsequent releases for both clients and internal projects.
- Produce projects for large companies such as Time Warner, Shutterstock, and Michael Kors, and startups such as Gemini, Helix Sleep, The Flatiron School, Hotelier, and Magnises.
- Lead iOS projects such as MarkaVIP, Albumatic, Screen, Ahalife, and Beautified.
- Multivariate testing to optimize for conversions.
- Manage the new business pipeline, write proposals, and pitch prospective new clients.
- Work hand in hand with the lead creative and developer to scope incoming projects.
- Resource the designers and developers for project scheduling.
- Report to the Managing Director.

## **DROGA5 - NY, NY**

Digital Producer (September 2012 - February 2013)

- Produced websites, banners, and print projects for clients such as Prudential, Kraft, Coke Zero, and Puma.
- Conducted research on industry trends and partners for our UX, design, and development teams.
- Wrote and prepared business documents for each project (MSA, SOW, NDA).

## **CODE AND THEORY - NY, NY**

Associate Digital Producer / Resources Manager (May 2011 - September 2012)

- Produced websites, banners, videos, and print projects for clients such as Dr Pepper Snapple Group, Comcast, Jimmie Johnson, and Columbia Business School.
- Reported to the Head of the Production Department.
- Managed company resources, project pipeline, time-entry, and internal video case-studies.
